Structured Query Language (SQL) using SAS

SAS Macro Language

Advanced SAS Programming Techniques

§sas.

Dec 14, 2024

CHENFENG LI

has successfully completed the online, non-credit Professional Certificate

SAS Advanced Programmer

When you complete this professional certificate program, you will have experience in SAS programming using SAS 9 and will be able to process data using Structured Query Language in the SAS environment, use the SAS macro facility to design, write, and debug dynamic macro programs, and use advanced DATA step techniques and procedures to manipulate data. These skills prepare you for the SAS Advanced Programmer certification exam.
